

# EzKeys

wireless keyboard with mouse

## Streamlined full-featured RF keyboard with built-in Tracker Ball

The Aclass EzKeys wireless keyboard with built in mouse can be used with most computers that have a USB port.

It is a full size keyboard in a compact design with an integrated mouse button that falls right under your fingers. It has a 10m range and it is rugged, durable, easy to install and simple to use.

With 360-degree navigation, sleek and elegant design and a Notebook keyboard module which enables handheld operation and effortless typing this is the ideal addition to the classroom, boardroom, conference room, training suite or even home!
