

ezText

part of the ezService range

send text messages a host of benefits for your organisation

Send text messages directly from any PC with an Internet connection

EzText brings a host of benefits to your organisation. Stay in touch with staff, customers, suppliers, and subcontractors. Controlled SMS marketing campaigns. The possible savings that can be made by using EzText in these two areas alone could save you hundreds of pounds.

Why SMS with EzText?

Missed Appointments – are you losing money because clients miss appointments then use EzText to schedule a message to be sent a day/week before their appointment.

Absentees – send an instant message to absent staff.

Staff – contact staff and/or temporary staff the minute you need them.

Urgent Notices – send important messages to staff, customers, suppliers.

Simple, quick and cost effective e.g. new offers, closing times, holidays.

Promotion – promote new events.

Correspondence – ensure that clients receive notes about overdue invoices, appointment confirmations, collections etc.

Familiarity – most people use text messages.
